

February 26 (Mon), 2018

pm | 6:00 ~ 17:00

@Large seminar room

Special seminar

Molecular Dissection of Plant Cell Wall Thickening and Regulation

Laigeng Li, Ph.D.

Institute of Plant Physiology and Ecology
Chinese Academy of Sciences

Dr. Laigeng Li is one of leading researchers of plant cell wall and biomass research in China, as selected as one of "the Most Cited Chinese Researchers" in the area of agricultural and biological sciences.

Please join this special seminar by Dr. Li.

We are awaiting your attendance!

Hosted by Taku Demura (Lab of Plant Metabolic Regulation)
